## Quality Building Award 2020 – MVA's Contribution to the Eight Winning Projects

*Photo source: Quality Building Award – QBA Facebook page*

MVA contributed to eight winning projects recognised by the Quality Building Award (QBA) 2020.

Under the theme "Transforming Communities • Build with Heart and Care", QBA unveiled the 2020 awards in celebration of outstanding quality and demonstrating outstanding teamwork in their development and construction.

### SYSTRA MVA as the Traffic Consultant

MVA is honoured to have provided traffic engineering and transport planning consultancy services for eight award-winning projects chosen from 25 finalists, including two of our significant projects - the Hong Kong Children's Hospital, granted the top Quality Excellence Award and the Grand Award and Tai Kwun - Centre of Heritage and Arts, which won the Grand Award in Hong Kong Building Renovation / Revitalisation category.

Key solutions:

- Transport Modelling and Simulation
- Roads and Highways
- Mega Transport Hub
- Green Transport
- Strategic and District Planning
- TOD and Mix-used Development
- Public Transport
- Road Safety Engineering
- Crowd Control Management and Way Finding
- Business, Market & Social Research

### **About SYSTRA**

SYSTRA is one of the world's leading engineering and consulting groups specialised in public transport and mobility solutions. For more than 60 years, the Group has been involved with cities and regions in order to contribute to their development by creating, improving and modernising their transport infrastructures. The magazine Engineering News-Record ranks SYSTRA among the top five international engineering firms specialised in 'Mass Transit & Rail', and among the 50 largest engineering firms in the world. Supported by its 7,300 employees, the Group's mission is to make travel more fluid throughout the world, in order to bring territories closer together and facilitate access to employment, education and leisure. A signature team for transport solutions, SYSTRA accompanies its partners and clients throughout the lifecycle of their projects.

### **About SYSTRA MVA**

MVA, a SYSTRA Group company, is a global transportation specialist and leading market research consultancy with its operation established in Asia since 1970s. Its Asia headquarters, located in Hong Kong, operates through offices in Mainland China, Singapore, Thailand and other various project offices across the region. MVA offers a complete range of integrated solutions - traffic engineering, transport planning + modelling and smart mobility consultancy services. MVA work closely with governments, NGOs, operators, financial institutions, developers, architects, planners, engineers and contractors, in both public and private sectors. MVA is experienced in providing consultancy services from initial concept stages, through planning, feasibility, design and construction.
